Mrs. Mahala Gay, a late resident of New London, who died in 1891, made in her Will, a donation to the Town of Springfield of the sum of One Thousand dollars for the benefit and assistance of the poor in said town of Springfield.

In consideration of the said donation, the said town of Springfield at its annual meeting in March 1892, accepted the bequest by adopting the following resolutions :—

Resolved that we greatfully accept the bequest or donation of Mrs. Mahala Gay, late of New London, a native of this town.

Resolved that the amount of said bequest, One Thousand dollars, be designated as the Gay fund for the assistance of the Poor in this town, and that a sum of fifty dollars or five percent. interest be annually raised and appropriated in accordance of the bequest, viz : for the assistance of the Poor, and that a suitable account be kept of the sum by the selectmen of said town, annually.

✧ SCHOOL REPORT. ✧

Another school year has closed and in accordance with Section 12, Chapter 5, of School Laws, we submit the following brief report.

The School Board organized with E. F. Philbrick, Chairman, Ruel L. Heath, Secretary and Purchasing Agent. During the year we employed thirteen different teachers, having eight schools during both summer and fall terms. We were fortunate in securing experienced teachers with only two exceptions. The two beginners gave a good account of themselves.

We paid higher wages on an average than last year on account of engaging more experienced teachers, for one reason, and teachers were rather scarce for another. There are so many openings for young people where there is more money to be had that many who taught last year have left teaching for something else. Schooling has been provided for 113 different pupils during the year. The amount of money used was \$521 01 or a fraction over \$4 61 average for each pupil.

As far as our observation goes we think commendable improvement has been made. Some pupils did not attend the whole of the fall terms on account of sickness, bad weather and other causes which makes a drawback in improvement. Parents are sometimes to blame for this.

Repairs to a certain extent have been made; the roofs of five of our school houses have been shingled which is about all we can say for repairs except keeping the glass in. A new house has been built for the "Sanborn Hill" district and the outside finished, and the inside lined up with paper so that we succeeded in having a short term in the fall.

We hope that more funds will be raised so that it can be finished up, desks and other furniture provided before our next years schools commence. Now the good work of repairing has begun please let us have enough script to make our old houses at least comfortable, if not handsome. Many repairs are much needed; the plastering is off badly in most all of our houses

and will be quite an item in the expense. Your Committee will try and have an estimate made of the amount of money needed to finish up what has been began.

Your Committee think the town did well in raising what they did last year, and hope they will raise a suitable amount next year to complete the good work.

Thanking you all for the courtesies we have received for the past year we will close.

ELWIN F. PHILBRICK,	}	School Board.
